Autumn 1 2018

Mad Scientist and Monstrous Inventions

Each week your child should complete...

- ♦ **3 x 20 minute** sessions on 'Mangahigh'
- ♦ **3 x 10 minute** spelling practice in homework books
- ♦ **3 x 20 minute** reading for pleasure
- ♦ **At least 1** Sats revision exercise which will be set from their SATS work-book.

For reading please sign the reading Log, for online learning we ask parents to sign the check box to say your child has completed the tasks. You will find these stuck into the corresponding page in homework books each week. Thank you.

Across the term your child should complete. These should be in school on the specified date...

1. Research Project due **27th September**

'Fact file on a famous scientist and what contribution they have made to science

Can be presented in written form on an A3 piece of paper or as booklet; or in digital form as a power-point presentation or a video presentation (submitted by email or on secure data storage) Quality of written / verbal presentation will be a key feature marked upon.

2. D.T project, to make a mad potion (Which is drinkable) due **11th October**:

'The children will write a recipe for a secret potion, the potion needs to be written out clearly with:

Ingredients (including how much of each component), how to make the Potion (numbered or using Bullet points) and what the potion does (Makes you taller, enables you to fly).
