

# World of Maths

Year 1

Summer 2

Location: North America

Fluency Focus: Know all the doubles and halves to 20

Location	Focus	Types of questions to ask
Pennsylvania	I can double a number under 10	<p>What's double 3?            How do I know that double 4 makes 8?            Can you name all the numbers which when doubled will be less than 10?            Learn the Doubles Song -  <a href="https://www.youtube.com/watch?v=8jOzhiACB68">https://www.youtube.com/watch?v=8jOzhiACB68</a></p>
Illinois	I can halve an even number to 10	<p>What's half of 10?            What's half of 6?            What's half of 8?            How do I know that half of 6 is 3?            How do I know that half of 10 is 5?</p>
Ohio	I know all the double and halves to 10	<p>What's double 3?            What's half of 8?            How do I know that half of 6 is 3?            How do I know that double 4 makes 8?</p>
Georgia	I can partition any number to 20 into tens and ones	<p>What number is 1 ten and 3 ones?            If I have 1 ten and 5 ones, what number have I made?            Is 1 ten and 4 ones 14 or 17? How do you know?            How many ones are there in 10 or 20?            Is 1 ten and 6 ones greater than 1 ten and 7 ones?            Is 1 ten and 9 ones less than 1 ten and 7 ones?</p>
North Carolina	I know all the doubles and halves to 20	<p>What's double 9?            What's half of 18?            How do I know that half of 16 is 8?            How do I know that double 7 makes 14?            To work out half of 16, can you work out half of ten and half of six and add the two answers together?</p>
